“ Too many to share just one! How about the time he threw the knife between my feet. "I knew I wouldn't hit you; all I had to do was aim at your feet!" He drove all the way to Austin in under two hours to pick up me, my son and all my worldly possessions and moved me back home. All the projects he helped me with at the drop of a hat -- and there were quite a few! A lifetime of memories with a brother that had a heart of gold!
