“ I did not know your mom too well but she had her hands full with raising boys like the one I do know. You are a good man. She didn't have it easy but had it a long time. I love you guys, so very much. When I get to see and talk or work with you its a brighter day.

“ My love and prayer go out to the family. I have loved Opal since I was just a little girl. She was always quite but had a great smile and laugh. Opal was very sweet and thoughtful. I still enjoy a record set of the sixties she gave me for my 13th birthday. She was a huge part of my childhood and will continue to live in my memory.

Love,

“ Opal showed me what a strong woman really is. She and I had so many long talks that I will cherish always. We had our last visit a few weeks ago and I will carry it with me always. My girls never missed a Halloween visit to Aunt Opals and they knew she always bought them the good stuff. Lol. “Go Rest High on That Mountain" you've earned it. I'll love you always for all you did for us. You were always there. Love you, Mica
